ABOUT US

The Mongolian Technical Vocational Education and Training (TVET) sector has been undergoing through its different development stage since the past 20 years. A significant amount of capital has been invested by international donor countries, multilateral organizations as well as industry players into the development of the sector. In order to develop sustainable and industry led TVET system, a coordination mechanism was needed to align cooperation of relevant stakeholders. Hence a group of collective development partners, including Oyu Tolgoi LLC, Millenium Challenge Account Mongolia (MCA-M), Deutsche Gesellschaft fuer Internationale Zusammenarbeit (GIZ) GmbH and Swiss Agency for Development and Cooperation (SDC), teamed up in late 2013 and initiated the establishment of the non-profit membership based NGO "Vocational Education Training Partnership" (VETP) to support the knowledge management and coordination of development measures in the Mongolian TVET sector.

Examples of our successful collaboration includes the preliminary assessment of skills development in hospitality and tourism sectors for SDC, baseline and tracer study for the evaluation of GIZ CVT Project goals, "TVET institutions' diversification, quality and outcomes" Project Survey, Translation and editing of WSC Rule Books for Ministry of Labour, consultancy on "Revising and approving the quality assurance policy papers" for STVET-1 Project of the European Union, Development of Vocational Education and Professional Information System for CVT Project, Ministry of Labour and NESRIC.

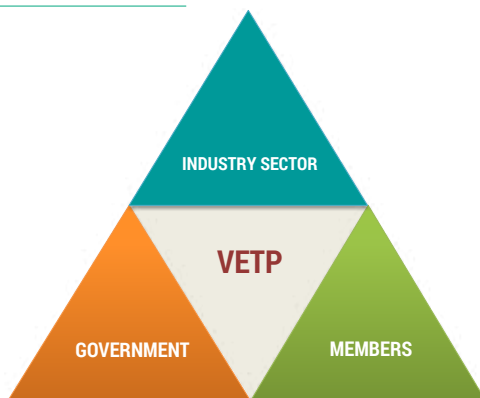

Vision:

A coordinated collective of partners working together to produce an efficient, sustainable and demand driven TVET sector with a world class workforce

Mission:

We believe in order to create large-scale lasting changes, organizations including those in government, civil society, and the business sector, need to coordinate their efforts and work together around clearly defined goals. As such our mission is to create sustainable coordinated action within the TVET sector

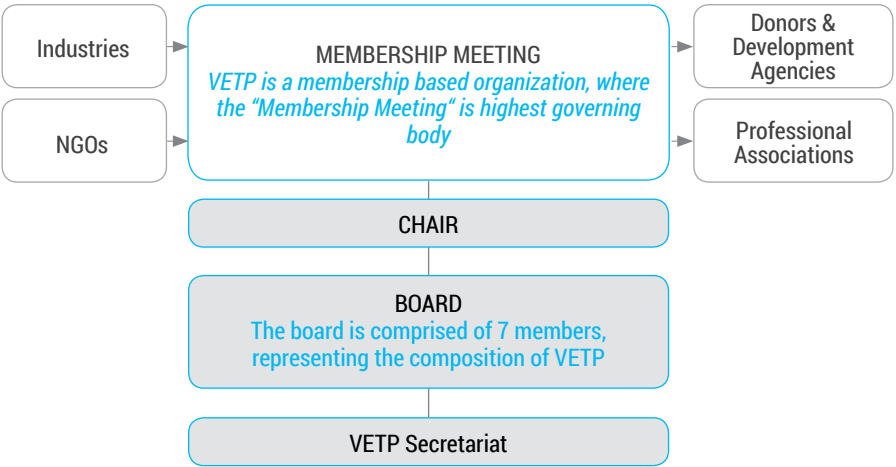

Cooperation:

Policy, Strategy:

- ✓ The promotion of a “Common Agenda” for TVET partners to align action;
- ✓ Enabling continuous and open communication between TVET partners to facilitate collaboration;
- ✓ The promotion of mutually reinforcing activities between TVET partners to leverage each other's investment and strengths;
- ✓ Enabling shared measurement between TVET partners to maximize positive outcomes;
- ✓ Providing an organization with dedicated staff to support the entire initiative as well as participating organizations and agencies;
